

PHAV - Parker Hilltop Audio/Visual Team 2023

We've enjoyed a team that's made up of a consistent membership this year. This means we can provide stable support for the worship services. Our Sound Techs are Caleb Kelsey and Nathan Albright. When Pastor Olive Hinnant's term ended and she and her son Carlos (another Sound Tech) left, the Sound Tech scheduling was much simplified – Caleb and Nathan simply work alternate Sundays. Our Zoom Operators are Brooke Albright, Peggy Campbell, Gene Eliassen, and Shellie Luallin.

For most of 2023, our procedures have been constant, with perhaps a few tweaks. We've added a Greeter laptop so congregants attending in person can connect with those attending remotely. And when Pastor Russ Kirby arrived, an additional function was added to the Zoom Operator's tasks – that of running PowerPoint presentations. We're still ironing out some kinks there.

As with the previous year, Shellie continues to organize the team's scheduling. It's wonderful that team members are responsive to requests to fill the schedule and we usually have several weeks filled. Shellie also continues to edit recorded services and publishes them on the UCCPH YouTube Channel.
